## 1. Introduction

- 1.1 University Centre Quayside (UCQ) develops people to achieve excellence in leadership and management, supporting their career potential and helping to enrich their working life and that of the teams they lead and manage. Programmes are created and delivered by leading practitioners who combine their practical business expertise with experienced programme delivery.
- 1.2 UCQ specialises in supporting managers that have, or are preparing to change their profession, as well as those that favour a vocational rather than traditional academic education. The approach works because there is a tripartite agreement between UCQ, the individual and the employer, working together to share success and achieve lasting results. Programmes include a strong focus on experiential learning and contextualisation of assignments directly to the employment.
- 1.3 UCQ is approved by the Open University as an appropriate organisation to offer higher education programmes leading to Open University validated awards.

## 2. Mentoring: guidance from the Chartered Management Institute

- 2.1 Mentoring is an increasingly common developmental approach which can produce excellent results for the mentor, mentee and the organisation both parties are affiliated with. It is an approach used to support apprentices through their studies and training. Mentoring demonstrates organisational commitment to the individual's development. The mentor is backed by the organisation to listen to, guide and advise the mentee. All organisations have managers with a wealth of knowledge, skills and experience. Passing this on to apprentices will not only benefit the individual but also your organisation as a whole.
- 2.2 Mentoring is a two-way process, which takes place over a set period of time. The mentor manager will offer support to enable the mentee to explore their professional situation and work towards pre-determined goals and objectives. The activity of mentoring also has benefits for the manager offering the support.
- 2.3 For the mentor, it offers:
  - The opportunity to help and guide others in their career development
  - The opportunity to help others reflect and learn from their mistakes
  - Increased job satisfaction, sense of value and status
  - The opportunity to develop your own management, leadership and mentoring skills
- 2.4 For the mentee, it offers:
  - An objective and safe source of support in the development of new skills and directions
  - Access to a mentor who understands their industry's or organisation's culture and ways of working
  - Knowledge about options and ideas they may not have considered
  - Increased confidence in their ability to achieve their goals
- 2.5 For organisations, it offers:
  - A cost-effective way to support talent development and succession planning
  - Better staff retention levels and recruitment prospects
  - Improved communication and acclimatisation of employees to the organisation's culture

## 7. Off the job training

7.1 It is a government requirement that all students on an apprenticeship programme must have at least 6 hours per week of their employed time dedicated to 'off the job training' (pre-August 2022 this was 20% of contracted hours). This is learning which is undertaken outside of the student's day-to-day workplace roles. The allocation is across the duration of the programme. As a work-based programme, this apprenticeship requires that 6 hours per week of the student's paid employment be dedicated to off the job training.

7.2 Off the job training can be delivered at UCQ and/or at the student's place of work and can include:

- Attending lectures and seminars and online learning
- Meetings with the Professional Development Assessor
- Practical Learning: shadowing, mentoring, and industry visits;
- Private Learning: time spent reading, researching and writing assignments.

## 8. Progress reviews

8.1 Progress reviews will be undertaken every 8-12 weeks between the mentor (you), student and Professional Development Assessor. These reviews provide an opportunity for review and feedback on all aspects of the programme to ensure that the student is getting the most out of their degree. Reviews will take place as a virtual meeting and allow mentors to further support their mentee on their learning journey through active participation and engagement.

8.2 Knowledge, Skills and Behaviours Confidence Skill Scan: Milestones

8.2.1 Throughout the apprenticeship, students will measure their knowledge, skills and behaviours (KSB) through self-assessment. This will be measured against the SLA standard. Mentors will also be required to assess KSB and the impact on the student's role

---

within the workplace. These milestone meetings will take place within the progress reviews at 12 months and at 24 months.

## 9. Further advice and guidance

- 9.1 If you would like any further advice or guidance regarding your role as a mentor or the wider SLA programme, please do not hesitate to contact the Professional Development Assessor Colleen Henderson. Colleen can be contacted via email [colleen.henderson@ucq.ac.uk](mailto:colleen.henderson@ucq.ac.uk)
- 9.2 UCQ value your feedback. If you would like to provide additional feedback to UCQ please email [feedback@ucq.ac.uk](mailto:feedback@ucq.ac.uk)
- 9.3 Further information about UCQ can be found at [www.ucq.ac.uk](http://www.ucq.ac.uk)
- 9.4 In order to enhance the student experience, all students are required to be able to access a work environment conducive to learning, to include access to a quiet space for online lectures/tutorials; webcam; headset and microphone. Employers are asked to enable this by providing the necessary equipment as necessary.
